

Comparisons Using *Like*

Work with a partner. Take turns making comparisons with *like*. First, choose any word from the first column. Find a similar word in the second column and make a sentence with *like*. Then explain how the two words are similar. For example:

Paris	vanilla
chocolate	a star
the moon	London

Student A: Chocolate is like vanilla. They are both flavors of ice cream. Now it's your turn.

Student B: Paris is like London. They are both cities in Europe. Your turn.

Student A: The moon is like a star. They are both in the night sky. Your turn.

Now make sentences with the words below.

orange juice	soccer
the Nile	Tylenol
